

Instruction sheet

Each document is a stand-alone document. Each document needs to have witness autograph/sign in replace of notary or notarized.

Witness testimonies

Before filling out the forms make sure you are using a blue pen. Remember the way you autograph your documents matter.

When filling out your document, check and make sure the blanks are correct to your current county, country and state you are domicile in. Domicile, where you are currently living and standing on the soil. Please print your full lawful name (First Middle Last) and your current physical address at the top of the page along with a 2x2 passport quality photo.

Your witness must have known you for 7 years. The two witnesses are to be of people ideally having first hand knowledge of who you are and when and where you were born. They should be able to clearly identify you in the picture you provide (friend, family, classmate, long time employers, coworkers, etc.)

Notarizing by witnesses instead of by a Recording Secretary or State of state notary.

1. Your witnesses need to be different from your first witness above. A witness can NOT witness their own document. Just like a Recording Secretary or State of State notary can NOT autograph/sign their own document to notarize them.
2. Don't over think it. These witnesses do NOT need to have known you for 7 years.

Universal Public Declaration

Before filling out the forms make sure you are using a blue pen. Remember the way you autograph your documents matter.

Make sure you picked the appropriate document that fits your needs. There are two versions of this document. There is one for Federal Employees and the other, which is for everyone else. There is a difference between the two. When filling out your document, take your time and follow along with the sample for help. The first few blanks are to be filled out using the information where you were born. (Born Country, Born State and your Date of Birth) Please type your full lawful name (first, middle, last) when referring to you as the Living Soul filling out the document. The next few blanks are going to be where you are currently living and the current date you are autographing the document, followed by your autograph. (domicile country and date of signing)

Notarizing by witnesses instead of by a Recording Secretary or State of state notary.

1. Your witnesses need to be different from your first witness above. A witness can NOT witness their own document. Just like a Recording Secretary or State of State notary can NOT autograph/sign their own document to notarize them.
2. Don't over think it. These witnesses do NOT need to have known you for 7 years.
