

Most Likely, You Are Non-Viable

Some estimates say that 85% of the population of the industrialized nations received the shots.

<https://citizenwatchreport.com/on-average-only-15-of-people-refused-the-covid-vaccine/>

Most of the doctors and nurses who oversaw these injections operated in good faith, not knowing that they were already conscripted (via their licenses as “Medical Doctors” and “Registered Nurses”) as “civilian military Uniformed Officers” and that they were administering “shots” as deadly as any ever issued from the muzzle of a gun.

Please understand what this means in addition to those who have already succumbed to a variety of weird conditions and maladies, like myocarditis in young people, turbo cancers, and other statistically-related diseases.

Now, six years after the fact, the FDA admits:

[Head of FDA Says Biden Administration Hid Data On Heart Risks From COVID Vaccines](#)

This means, in a precognitive sense, that if you received the shot in 2020, you will be dead by the end of 2027. All we can do is slow it down and look for answers.

The various means to do all this have been patented for profit, so it is not a matter of conjecture as to who or what is responsible.

Pfizer’s own internal mortality studies showed 100% mortality after seven years. They knowingly participated in this genocide of mankind. There is no doubt that the Pfizer scientists and administrators are criminals guilty of genocide.

This is the primary reason that (1) members of the U.S. Congress have been arrested and subjected to military tribunals and (2) members of the Trump and Biden Administrations have similarly been arrested and subjected to military tribunals and (3) members of federal agencies charged with protecting the public have been arrested and subjected to military tribunals.

These are commercial crimes and military matters because the U.S. Congress is operating as a Board of Directors for a commercial corporation, the United States of America, Incorporated, and this same corporation is under contract to provide services under The Constitution of the United States of America.

The other noted Federal Subcontractor, the UNITED STATES (INCORPORATED) was in Receivership beginning in 2015. As a result, neither the UNITED STATES nor its franchises can be accused of malicious crimes against humanity — although their bankruptcy trustees can be held accountable.

A great deal of misinformation and disinformation has been issued to the public worldwide as a result of ongoing “warfare” between these two large corporation interests and their administrations.

For now, it must be sufficient to tell people the truth. You have been injected with a deadly biowarfare agent and it is no less deadly just because it does not (usually) cause immediate death or because the form the death takes varies from case to case.

Please be aware that if you received the injection, you are (unless you received a placebo dose) self-generating a deadly neurotoxin at a cellular level.

Be assured that the Perpetrators had antidotes in place to protect themselves. The hypocrites who have been so concerned about world overpopulation have nonetheless been very assiduous in protecting themselves, their families, and their cronies.

Note the U.S. Congress exempted themselves, their families, their staff members and the family members of their staffers from receiving these shots, while demanding that everyone else take them.

We are in the process of researching the antidotes to the internally manufactured poisons in order to make them broadly available to the public as soon as possible.

Ironically, it appears that nicotine blocks the receptor sites on cell membranes and may provide a protective function that extends the lives of nicotine users.

Nicotine without the addictive agents added to tobacco products has been used as a treatment against the effects of the self-generated neurotoxin. See the work of Dr. Bryan Ardis.

Ivermectin and Hydroxychloroquine have also proven to be effective in suppressing respiratory symptoms.

Fenbendazole, an animal dewormer, and Mebendazole, a very similar dewormer approved for human use, have proven to be effective in derailing turbo cancers, though the mechanism is unknown.

Dr. Andreas Kalcker has championed the use of Chlorine Dioxide to address a large variety of illnesses related to lack of oxygen in the environment and in body tissues leading to incomplete oxidation and build up of toxins in the body.

The effect of better oxidation is often sufficient to revolutionize critical body functions and reboot the immune system and points to the larger issue of declining atmospheric oxygen.

The decline in atmospheric oxygen caused by irresponsible industrialization and natural resource harvesting by mostly U.S. and European corporations is the actual cause of many diseases that have erupted during the 20th century.

What can you do? Oxygen therapy, if you are already sick. Home-based oxygen supplementation filters and oxygen generators or natural home-based oxygen supplementation using house plants is also very helpful.

Deep breathing as an ongoing practice. Many people, including the young and the elderly, experience breathlessness that is not related to lung capacity. It is a result of low atmospheric oxygen. One simple and helpful way to prevent this is diaphragmatic breathing, sometimes called "double belly breathing".

Bear in mind that your actual government did not order or cause this in any way. This was caused by commercial and foreign municipal corporations masquerading as your government since the so-called American Civil War.

Please bear with us and get engaged in the clean up and restoration process by joining your State Assembly:

Please also know and remember: the Officers of the American Government were genocided and

persecuted for 150-plus years and they still won through.

Accept the fact that the government you knew was provided by British commercial interests and Roman municipal corporations — federal subcontractors acting under color of law.

Also accept the fact that the military services you served were unlawfully converted into private corporate mercenary services in 1861. You didn't know it, but when you signed up or were unlawfully drafted, you were entering a mercenary service and indentured servitude.

As you are grappling with the immensity of this Breach of Trust and the vastness of the genocide committed against mankind as a whole, know this: men created this mess and men can clean it up again.

The important part is to slow the process set in motion by the injections, and force the death-cult to divulge the protocols they established to save themselves.

It helps that they are, on average, cowards.
