

No Pact for the Future

International Public Notice

April 21, 2025

The United States of America —
Federation of States

Over the Easter weekend, perpetrators at the United Nations have attempted to pass and adopt the so-called “Pact for the Future” by a process of silent acquiescence: if nobody objects, it is considered to be unanimously adopted.

This is the same commercial contracting process that these same villains attempt to force on everyone concerning “conferred” citizenship obligations, — like the “citizen of the United States” citizenship status arbitrarily conferred on freed plantation slaves by the so-called Fourteenth Amendment — and at heart, we find that this is what they are trying to do here, too.

And just as they used the “citizenship” obligations conferred on the former Plantation Slaves as a means to re-enslave them to pay public debts, they are attempting to enslave this entire planet using commercial law and deceit right now.

They are trying to confer “World Citizenship” obligations on everyone, and making a bid to enter everyone into the permanent clutches of the Jurisdiction of the Air, just as we explained regarding Pope Francis’s new office as “Patriarch of the West” and King Charles III’s ascension to being an “Imperial Majesty” in the Jurisdiction of the Air, which leaves his office as King of England vacated.

These rats are trying to use commercial contracting practices to latch upon living men, and their deceit in this matter is self-evident.

Why else use acquiescence by silence as the method of adoption?

Why else pass this “Pact” on Easter Weekend, when nobody would be watching and listening to what they were doing?

They are operating under their ancient Maxim — “Let him who will be deceived, be deceived.” — but we are not deceived and our Rat Watchers have been on duty the entire time.

We utterly and permanently object to the “Pact for the Future” and object to any incorporated entity in any way associated with us being included in voting for or accepting it for any purpose in any jurisdiction whatsoever.

We also object to any presumption of agreement for lack of objection by all and any of the franchises of such corporations belonging to or associated with us by any means, including the use of deceptively similar names, used to seemingly implicate us — for example, the use of the UNITED STATES OF AMERICA (INCORPORATED) to create the appearance that we are going along with this.

This means that all corporations that have been associated with us or our country, including the Roman

Municipal Estate Trusts established in our names, for example, ANNA MARIA RIEZINGER and UTAH and UNITED KINGDOM and so on, are permanently exempted by any such action by the United Nations and the UN CORPORATION seeking to confer any “world citizenship” obligations on us or our holdings worldwide, forever.

We will not entertain any further offers of this nature.

We note that this was going on within three days of the Pope’s death, so as to not implicate him in these disastrous and illegal and immoral “offers” by the United Nations. We urge all other governments to similarly stand up and make your objections to this attempted criminal contracting process and arbitrary “conferring” of citizenship obligations known.

We are replying within three (3) days and expect for all our properties and franchises and subsidiaries and associated Territorial and Municipal corporations to be permanently exempted and withdrawn from any such “Pact for the Future” or any similar presentation in the future.

While the conventions of commerce usually allow for protracted negotiations of offers and counter-offers related to proposed contracts and agreements, the repeated presentation of thoroughly unacceptable, criminal (proposed enslavement), or inequitable or fraudulent offers is deemed a form of harassment subject to prosecution and damages.

If we hear any more proposals such as those embodied in the “Pact for the Future” coming from the United Nations organization or from the UN CORPORATION, we will immediately and without further Due Process place a Common Law Commercial Lien of \$1 million trillion United States Dollars defined as one ounce of pure silver per such dollar, on the offending organization/corporation and its members/franchises as the pre-established penalty for continuing to harass us with such one-sided and patently evil nonsense.
