

No Private Law is Superior

International Public Notice

September 21, 2025

The United States of America —
Federation of States

We accept the idea that the right of the individual to privately contract is unlimited—within the realm of his or her person, but that does not overcome the Public, International, and Natural Law already established.

A mafia assassin can't avoid murder charges by claiming he had a contract to do it.

Private contracts cannot and do not overcome Public Law.

If the opposite premise prevails any crime could be “legalized” at whim and on an individual basis.

When public and private law get commingled and public interest presumes to create private contracts and impose them in secret on individuals, a corollary situation exists:

No public-private contract can overcome Public Law, either.

If slavery is abolished in the Public Law, no government can privately contract with individuals to enslave them.

This is precisely what has happened to create the web of venal interlocking trust directorships operated by the Bar Associations in the form of “public interest trusts” which are all based on either the acceptance or rejection of citizenship obligations.

That's why they are so hot to describe everyone as a “citizen” and to presume that everyone they see is a “citizen” under private contract to perform public duties.

This is their “hook” used to illegally latch onto you and your property assets and what they use to subject you to their foreign Roman Law.

They have put False Claims in place and have claimed to own you as a slave known as a “citizen of the United States”.

We have exposed the whole system of illegal and immoral latching that takes place when your Mother is asked, “Is your baby a citizen of the United States?”

Thinking that they are talking about our country, The United States, and not knowing and not being told the definition of “citizen” millions upon millions of American mothers gave the wrong answer, and for six generations the Vermin have capitalized on that “citizenship contract” that your Mother unknowingly created for you when you were still a baby in your cradle.

Today, we proclaim all such undisclosed and inequitable private citizenship contracts imposed upon infants to be null and void and all Legal Presumptions based on the idea that people are or must be either “U.S. Citizens” or “citizens of the United States” or both, to be equally null and void.

We deny and repudiate the idea that a public trust interest in living flesh and private assets results from any public service or undisclosed private citizenship contract promising future public service.

Our Natural Rights are inalienable and cannot be sold, bought, or given away by any contract, much

less an unconscionable one.

Today, we declare that all such illegal latching upon American babies is null and void from the instant such a citizenship contract was deemed to exist and the right of an individual to contract does not extend to the creation of any private contract to break Public and Natural Law.

Nobody can form any valid contract to enslave himself or anyone else in a world where slavery is outlawed.

Today, we also declare the British Crown Corporation and its franchises to be operating in Insurrection against International and Public and Natural Law, including but not limited to 10 USC 253 by seeking to impersonate and enslave individual living people via an impersonation scheme based on the aforementioned undisclosed and merely presumed to exist citizenship contracts.

We further declare the British Crown Corporations to be operating private corporate tribunals under color of law and False Pretense of being public courts and having lawful and legal authorities never granted to them. They have operated these courts for purposes of coercive racketeering and plundering of non-existent public trusts and public trust interests based on these same undisclosed and otherwise unconscionable foreign citizenship contracts.

The rulings and orders of all such administrative courts aka, Territorial and Municipal CORPORATE tribunals misapplied to living people are null and void for fraud and where any transfer of actual property is involved, these "COURTS" are engaged in racketeering under force and color of law.

This illegal confiscation is against our Public Law, our International Law and the Natural Law the people of this country are owed.

We declare the members of the Bar Associations who have provided the means to set up and enforce these merely presumed to exist foreign citizenship contracts and who are enforcing False Legal presumptions attendant to them, to be in insurrection against the government of this country and we order Mr. Donald J. Trump to immediately take Notice of this International Proclamation and to bring his operations into compliance with International, Public and Natural Law and to enforce against the Municipal CORPORATIONS hired by the Territorial "States" to provide them and their U.S. Citizens with separate public services, so as to prevent them from any further illegal and immoral false claims against the

American People you are all supposed to serve.

We, the Americans and our sovereign nation-states, accept all gifts without strings attached and waive all benefits of foreign servitude in any purely or partially imaginary "state" of being or servitude attaching to foreign citizens living in The United States.

Members of the Bar Associations who continue to operate corporate tribunals under color of law and who continue to accidentally-on-purpose misaddress Americans as if they were foreign citizens, or intestate public trust "property", are offering continued Insurrection and must be arrested and charged without further delay.

Under both Roman Municipal Law and Roman Civil Law, fraud is deadly to all claims, so even under the forms of law they administer, these men and women are found lacking.

We declare all public trust interests alleged to exist as a result of the aforementioned undisclosed private foreign citizenship contracts to be null and void and unenforceable.

Any scheme to deprive any American of any guarantee or right or service provided under any Federal Constitution or under Natural Law, no matter how this end is achieved, is an act of insurrection: 10 USC 253., whether by a foreign state or a domestic enemy, a commercial corporation, or a municipal corporation or any private guild, union, society, association or club ---or Roman Municipal Trust --- all Principals and Officers stand condemned for fraud and evasion of their own obligation to provide our

people with essential government services in “good faith” and must cease and desist the herein described practices and assertions of private foreign citizenship contracts and foreign public trust interests based on such contracts being insupportably held against Americans and against our Public Interest.

The offending corporate tribunals including all “local” STATE Municipal Corporation Tribunals and CORPORATIONS pretending to be “Judiciary Courts” must be shut down immediately for fraud and racketeering.

Notice to Principals is Notice to Agents, Notice to Agents is Notice to Principals. NOTICE TO AGENTS IS NOTICE TO PRINCIPALS; NOTICE TO PRINCIPALS IS NOTICE TO AGENTS.
