

Why We Can NOT Relax and Enjoy the Show

International Public Notice

Why We Can NOT Relax and Enjoy the Show — Ever

This gives historical reasons why we should not ever rest in the presence of “the U.S. Government” — that is, the local British Crown Corporation:

<https://lionessofjudah.substack.com/p/us-governments-bio-war-against-america>

They are guilty here of the same atrocities they have been guilty of in South Africa and everywhere else they have gone.

As the British Raj in India.

As the inventors of Concentration Camps during the Boer Wars.

As the architects of Bretton Woods.

Wherever you look and wherever you go, there they are.

They were there when HSBC made completely untrue and unsubstantiated claims against Demetrius Julius Shiva, claims they never provided any evidence for, and yet, they undermined the Federal Court Orders he was trying to enforce.

He was held for 120 days in a maximum security prison for doing his court-appointed job and tracking down his own money. No charges were ever substantiated.

They continue to act as criminals and thugs, winking and nodding as they go, so smug, so supercilious, so superior — on our ticket. Our collateral. Our assets.

It's time for this to end.

They have a relatively simple service contract called The Constitution of the United States of America. They took the liberty of interpreting this to mean “The Constitution of

the United States of America (Incorporated)” — then they took the liberty of telling the rest of the world that they “represented” us, and convinced the bankers (who were behind all this usurpation) that they should have access to our credit — which meant that they should be able to use our assets as collateral for their debts.

This is the “show” they have provided us and the rest of the world for 160 years.

Please realize what these criminals have alleged about you and about your country.

Realize what they have gotten away with, the waste, the violence, and the crimes that they have perpetuated in your names and profited from, and left you to pay for.

The Department of Government Efficiency (DOGE) has uncovered the tip of that iceberg.

The Department of Defense shows how they have failed their duty to you and to this country and to the world.

Pascal Najadi and Nicole Schwab are showing you how they have failed their duty to you and to this country and to the world.

USAID has shown you how a whopping 2% of foreign aid actually got to the people it was supposed to aid.

The Pandemic has shown you how they plotted against life itself, how they polluted the human genome in pursuit of corporate profit, how the same “Congress” that exempted its members from these injections, imposed them on you and your families.

And now, our children are sterile, their hearts blow up in their chests, and cancer proliferates like madness and blackmail and sexual perversion in the institutions of the Roman Church and the Western Governments.

Our countries were already suffering population collapse when this latest round of insanity began. Now, they are in free-fall.

Germany is not German anymore. France is not French. Soon, Italy will not be Italian. And Japan will not be Japanese.

If we sit still, if we wait, if we pretend that this is not happening, then humanity loses. Permanently.

So, we are not interested in “shows” and “narratives”. We are mirrors of the Truth, unvarnished, unequivocal, and done with evil.

The information being disclosed and documented by Klaus Schwab’s daughter, Nicole Schwab, and Pascal Najadi, son of the co-founder of the World Economic Forum, leaves no doubt what these corporate criminals have planned and executed.

Geneva is a crime scene, and it has made the entire world a crime scene of staggering proportions. The Swiss Government, once considered a beacon of peace and neutrality, has failed. So has the United Nations.

The only answer left is the complete demise of the collaborators, the end of British Crown meddling and the end of Central Bank control of anything. The end of “centralization” of our world.

We cannot entrust our care to anyone but ourselves, not our employees and not our Allies, not our banks and not our institutions.

Not even our churches, synagogues, and mosques have stood the test.

Our safety, our sanity, our future depends absolutely and only on individual people — on each one of us, waking up, paying attention, and grabbing an oar. Make no mistake.

Correct the false public registrations these foreign “persons” have purloined and deliberately created concerning you and your political status.

Take back your true identity. Stand in your natural jurisdiction. And tell your public employees how high to jump.

While they encourage you to go back to sleep and pat you on the head like a badly abused child, telling you that Daddy “loves” you and it’s all okay now — never sleep.

Never accept. Never believe.

Never “relax”. Never “enjoy the show”. Never again.

All this Evil happened on their watch. It’s our watch now.

We call on President Trump to collect and return the records of the so-called Global Federal Reserve enclave to us, along with the assets of the Avila Family Trust, the V.K. Durham Trust, the Saint Germain

Trust, aka, "World Trust", and all other "Legacy" and "Heritage" trusts and "State" trusts that naturally belong to us.

Physical assets naturally belong to physical people, not corporations.

Central banks, which were created to rig commodity supplies, limit imports, and provide another means of taxation for illicit government enterprises, such as war for profit, must be dissolved as criminal organizations engaged in obstruction of trade, profiteering, and racketeering.

The various "internal revenue services" used to impose illegal payroll kick-back taxes and to otherwise tax the labor of individuals (resulting in peonage or enslavement) must be abolished permanently and without delay.

The Federal Reserve entities were central banks of a different kind, designed to capitalize on the labor of persons presumed to be voluntarily engaged in indentured servitude and/or voluntary enslavement — without the nicety of full disclosure to the victims of this scheme.

All remnants and affiliates and corporate beneficiaries of the Federal Reserve entities must be liquidated without delay and all beneficial interest returned to the victims, without further "representation".

We note that JPMORGAN and Chase Banks were complicit in the Federal Reserve System scheme and were the deliberate beneficiaries of the fraud and bankruptcy of the Federal Reserve System and must be relieved of these benefits, including the trademarks they acquired enabling them to operate "as" the FEDERAL RESERVE and FEDERAL RESERVE BOARD OF GOVERNORS.

We also note that no Municipal "STATES" or "STATE REPUBLICS" are allowed to exist in this country. An effort is currently ongoing on the part of both Territorial and Municipal

Corporations seeking to redefine new corporate franchises and operate them "as" State Republics or STATE REPUBLICS.

In view of the despicable, deeply criminal, long-term pernicious behavior of certain corporations and their owners and shareholders, we have withdrawn all support for them and any presumption of our continued tolerance of their existence must be disallowed.

None of these cozy arrangements were ever included as part of our constitutional agreements and are not allowed now.

All fifty States of the Union have been duly and properly and officially enrolled as States of the Union since the first of October 2020, having met all requirements of the process dictated by the Northwest Ordinance.

No other, new, additional, corporate, incorporated, or non-incorporated entities seeming to be related to our States or named after them nor pretending to be nor to represent

our own dormant State Republics nor any foreign "State Republics" may be created and foisted off on the people of this country by any Territorial or Municipal interests whatsoever.

Cease and Desist. Immediately. Permanently.

Notice to Agents is Notice to Principals; Notice to Principals is Notice to Agents.

The people of this country are presenting themselves, not allowing themselves to be represented any longer. The past belonged to corporations and evil faceless men, who always sought their own benefit at the cost of others and who never learned any better way.

The present belongs to us. The future will be of our making. Not theirs.
